For log into the csicluste.r you must ssh: **ssh <username>@csicluste.r.ucd.ie**

Linux/Mac users should have SSH clients. For Windows, one possible SSH client is [Putty](#).  
For more info on ssh client [\[more info\]](#).

Once you have logged in to server run these commands:

```
ssh-keygen -t rsa
```

```
> hit enter on each request,don't enter passwords/passphases
```

```
cat .ssh/id_rsa.pub >> .ssh/authorized_keys
```
